

**TITLE: Latest Pelican Protector™ Cases Awarded STANAG and DEFSTAN Certifications**

**PRODUCTS AFFECTED: 1440, 1495, 1630, 1640, 1690, 1780 Protector Cases**

## INTRODUCTION:

Pelican's latest Protector Cases have been certified with the STANAG 4280 and DEF-STAN 81-41 standards.

## DETAILS:

- The STANAG 4280 and DEF-STAN 81-41 standards for military use are embraced by the NATO (North Atlantic Treaty Organization) countries.
- The criteria subject the Cases to an extensive battery of standardized endurance and quality tests designed to simulate extreme situations.
- **Pelican Protector Cases** met and exceeded challenges gauging their resistance to:
  - Vibration
  - High impact (Drop test)
  - High and low temperatures for extended periods of time (up to 131° Fahrenheit for 48 hours and as low as -4 ° Fahrenheit for 16 hours).
