

**DATE: MAY 12, 2011**

**TITLE: POLYMER EDGE CASTERS NOW STANDARD ON PELICAN-HARDIGG™ SINGLE LID CASES**

**PRODUCTS AFFECTED: PELICAN-HARDIGG SINGLE LID CASES**

**DETAILS:**

All configurable and standard rotationally molded cases will receive polymer based edge caster wheels.

This marks a 56% weight reduction on caster wheel housing, removing 10 ounces of weight.

Load rating on polymer casters is 75 lbs. a piece – 150 lbs. for two on a case.

Aluminum casings will still be available for extreme load applications.

**Polymer Edge Casters**
