

TITLE: Pelican™ Products, Inc. Introduces the Universal Helmet Light Holder

PRODUCTS AFFECTED: Numerous Pelican Flashlights

INTRODUCTION:

Pelican has introduced a universal helmet light holder that replaces all current kits.

DETAILS:

- The holder kit features three modes of fastening (straight bar, one slot and three slot)
- Assembles in seconds with use of one flathead screwdriver
- Works with all known helmet designs
- It will eventually replace Pelican catalog numbers: 700, 710, 711, 712, 722, 750 and 760
- Accommodates up to 17 different Pelican flashlights:
 - MityLite™2300
 - M1 2310 LED
 - M6 2320
 - M6 2330 LED
 - MityLite™ 2340
