Lid organisers have zippered compartments for stowing larger items and see-through mesh pockets secure passports and cables.

Packing cubes keep gear tightly bundled and allow you to arrange your gear by stacking or grouping side by side. Peli™ Air Travel Cases are also built for versatility. Just remove the packing cubes and replace with optional Trepkak™ dividers, padded dividers or Pick N Pluck™ foam interior solutions (available separately).

UNLOCK THE ADVENTURE.

Press and Pull latches with built-in TSA approved key locks have been tested for extreme pressure and impact situations. They keep

With TSA approved locks, TSA screeners can open your Peli™ Air Travel Case without damaging latches or locks.

TRAVEL LIGHT. STAY TOUGH.

Nature-proof your travel endeavors. Watertight O-ring seal coupled with Peli's tough, yet lightweight HPX™ mould makes the Peli™ Air

Travel Case up to 40% lighter than other polymer cases to keep your gear intact, dry and moving at jet speed.
