

ELEVATE YOUR DRONE PROTECTION

**FLIGHTLINE SERIES™
DRONE CASES**

COMM/GOV DIVISION

SINCE 1976

FLIGHTLINE SERIES™ DRONE CASES

PERFECTION MEETS PROTECTION

Pelican, the manufacturer of mil-spec and battle proven protection, has aligned with one of the UAV industry’s most respected drone makers, DJI™, to engineer ultimate drone transport cases. Now you can move through grip trucks, airports, and construction sites, as well as remote, action-packed movie sets with your fully outfitted drone intact and unscathed, with peace of mind.

TRUSTED PROTECTION INSIDE AND OUT

Crush, dust and water proof, the Pelican™ Flightline Series™ drone cases are tough. And, since 1976, military, fire and law enforcement professionals have trusted Pelican to protect their equipment.

The watertight O-ring seal and double-throw latches keep the lid shut, water out, and easy to open on the job. Plus, tough polymer structure is engineered for extreme drops and impacts.

Drone equipment demands perfection and with precision cut foam your drone equipment will be safely nested from the outside world. Black polyethylene foam is sturdy, resilient and can absorb shock from internal drone movement. Plus, contrasting red closed-cell foam top increases durability and allows quick identification of your gear.

PROTECTION AVAILABLE FOR:

- DJI™ MATRICE™ 600PRO DRONE
- DJI™ MATRICE™ 200 SERIES V1 / V2 DRONES
- DJI™ INSPIRE™ 2 DRONE

Pelican™ Case for
