FIREARM
MANUFACTURER
OEM SOLUTIONS

YOUR CUSTOMERS TRUST PELICAN

As a manufacturer you already know how passionate your customers are about their firearms. They trust your brand and take meticulous care of them. Often that includes storing and transporting their firearms in a Pelican™ case. Now Pelican would like to align with your brand and build on that trust. With OEM services like quality hot stamp, multi-color logo printing and premium foam in custom gun profiles, we can partner with you to create irresistible synergy.

After all, the only thing better than a new gun is getting it in a Pelican™ Protector Case.

WHAT MAKES A PELICAN™ CASE BETTER?

One pre-scored custom foam fits a multitude of the most popular compact hand guns or rifles (available for Pelican™ Classic and Pelican™ Storm Case™).

WATERTIGHT ■ DUSTPROOF ■ CRUSHPROOF CASES

■ RUGGED IN-LINE WHEELS
Select models only

■ NAMEPLATE
Standard for most models

Removable heavy duty, soft bags (for select weapon cases)

1780RF CASE

CUSTOMIZE A PELICAN™ CASE

For a true custom fit, foam inserts can be cut according to your equipment. For many of our OEM customers, this is an important aspect in making a professional presentation of your product. As a finishing touch, add your embossed logo or decal to the foam block.

Just send us a sample of your product and we'll configure the case size and the foam per your requirements. Better yet, provide us with your CAD files and we'll take it from there.

CUSTOM LOGO

Benelli

Your logo can be applied in multiple colors as a decal or hot stamp, using strict PMS print controls on any Pelican case. You'll approve a paper proof or first article prior to the run and, like everything we manufacture, our imprinting is 100% guaranteed.
