PELICAN-HARDIGG™ LIGHT LIFT™ CASES

INTRODUCING PELICAN-HARDIGG™ LIGHT LIFT™ CASES

NEW LIGHTWEIGHT VERSION OF OUR HEAVY DUTY ROTO MOLD LINE

UP TO
30%
LIGHTER

Pelican-Hardigg™ Light Lift™ cases combine agility and durability. At 30%* lighter than our traditional heavy-duty roto mold cases, the Pelican-Hardigg™ Light Lift™ series allows for faster deployment and reduced shipping costs, without compromising protection. The Pelican-Hardigg™ Light Lift™ series is the most significant advancement of roto molded cases on earth.

Pelican-Hardigg™ Light Lift™ series: Every ounce counts.

Lower transportation costs:

- Less shipping cost • Less fuel cost • Less landing fees • Less man power

Pallet of 15 Pelican-Hardigg™ AL2914-0605 Light Lift™ cases saves 96 lbs. when compared to equivalent heavy-duty roto mold case sizes.

* Weight varies $\pm 5\%$ based on case size/model

ROTATIONALLY MOLDED EFFICIENCY

ROTO MOLDING LIGHT LIFT™ CASES

Our cases begin as a resin powder specifically formulated for Pelican-Hardigg™ Light Lift™ cases. The resin is loaded into molds attached to a biaxial arm, then heated and rotated. This process distributes 20% more resin in the corners and edges where it is needed the most.

All Pelican-Hardigg™ Light Lift™ cases come standard in grey, feature catch & strike hardware to tightly secure the lid, and include recessed handles to prevent shearing or snagging from outside forces. Optional accessories such as a purge valve to balance air pressure are available.

“HUMAN CARRY” MISSION

Pelican-Hardigg™ Light Lift™ cases are targeted toward 2-man and 4-man carry applications, allowing for lighter carrying loads for faster and easier transport.

SIZE MATTERS

Soon you can order a Pelican-Hardigg™ Light Lift™ case equivalent to most Pelican-Hardigg™ heavy-duty roto mold cases. We’re launching this series in ten popular sizes with an additional 150 sizes scheduled for deployment.

From small to XX large, you’ll find the perfect fit.

Visit Pelican.com/Lightlift for size availability.

GET IT YOUR WAY

Pelican-Hardigg™
Light Lift™ case shown in
custom blue color and water
jet precision cut foam.

CUSTOMIZATION WITH ENGINEERED PERFECTION

Our engineers work with you to understand all the details, then we strive to build the best solution to protect your gear.

Exterior options include a wide color pallet, stencils and custom designed decals, to name a few. And for internal protection, multiple foam options with unique properties are also available. Anti-static foam protects delicate electronics and heavy duty precision cut foam will keep your gear in place and absorb shock from major impact.
