

Battery recycling: ALWAYS dispose of batteries properly at an approved battery recycling center. Failure to do so can be a crime and can lead to the release of harmful toxic materials. Peli has partnered with RENE AG in the Europe to dispose of recyclable batteries. Please click here: <https://www.rene-europe.com/en/electronic-recycling-worldwide/> or call 0049 (0) 89 49049 100 to find a battery recycling center near you.
